SAFETY DATA SHEET

1. Identification of the Substance and Company
   Process LPHst
   Product No. 6841
   MSDS No. 6841

2. Hazards Identification:
   - Severe irritation to eyes and skin. Combustible.

3. Composition/Information on Ingredients

4. First Aid Measures
   - Eye Contact: Flush eyes immediately with water for at least 15 minutes. Get medical attention if irritation develops.
   - Skin Contact: Flush skin immediately with plenty of water for at least 15 minutes. Get medical attention if irritation develops.
   - Inhalation: Remove patient to fresh air. If not breathing, give artificial respiration. Get medical attention.
   - Ingestion: Do not induce vomiting. Get medical attention. Do not give anything by mouth to an unconscious person. If conscious, drink large quantity of milk or water.

5. Fire-Fighting Measures
   - Flash Point: 111°F (44°C) (Closed Cup) (Does not support combustion)
   - Extinguishing Media: Foam, CO₂.

6. Accidental Release Measures:
   - Ensure suitable personal protection during removal of spillages. Spills should be contained and may be cautiously neutralized with sodium bicarbonate, or absorbed on appropriate material and placed in a container for disposal. Flush spill site with large quantities of water to a sanitary sewer. Washings should be prevented from entering surface water/storm drains. Local regulations should be observed.

7. Handling and Storage
   - Handling: Product will withstand an occasional accidental freezing. It must be thoroughly thawed and agitated (roll drum) before being used.
   - Storage: Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.

8. Exposure Control/Personal Protection
   - Respirator Protection: Not required.
   - Eye Protection: Safety glasses or goggles.
   - Protective Gloves: Rubber
   - Other Protective Clothing and Equipment: NA
   - Ventilation: Adequate ventilation to maintain air concentrations below established limits.

9. Physical and Chemical Properties
   - Solubility in Water: Complete
   - Specific Gravity: Approximately 1.108
   - Appearance/Odor: Yellow to amber liquid/Mild and pleasant odor.
   - pH: (Concentrate): Approximately 1.0 (1:1256 solution): 2.6

10. Stability and Reactivity
    - Stability: Stable
    - Hazardous Polymerization: Will not occur.
    - Incompatible Materials: Strong oxidizers and alkaline chemicals.
    - Conditions to Avoid: None known.
    - Hazardous Decomposition or Byproducts: Forced ignition of dried residues may produce CO₂ and SO₂.

11. Toxicological Information
    - 11.1 Acute (Primary Routes of Exposure)
      - Eyes: Use dilution slightly irritating to eyes.
      - Skin: Concentrate severely irritating to skin.
      - Inhalation: Inhalation toxicity >62 ml/l @ 1:256 for 4 hours. Mists of use-solution may be irritating to nasal passages and lungs.
      - Ingestion: Oral LD₅₀ = 6,000 mg/kg (male rat); 4,330 mg/kg (female rat). Will cause upset to stomach.
    - 11.2 Long Term Exposure
      - Carcinogenicity: IARC, NTP and OSHA do not list this product or its ingredients as carcinogens. 2-phenylphenol produced urinary bladder tumors in male rats and liver tumors in male mice when fed exaggerated doses.
    - 12. Ecological Information: None available

13. Disposal Considerations
    - Do not contaminate ponds, waterways, or ditches with chemical or used containers. Empty containers should be rinsed thoroughly and discarded in an appropriate waste container. [Containers may be offered for reconditioning/recycling.] Empty containers should not be used for other purposes. Unused material may be a hazardous waste due to its low pH and subsequent corrosivity. Disposal of wanted product should be done in accordance with local, state or national legislation. Product may be flushed to a sanitary sewer with copious amounts of water, if in accordance with state, local and federal regulations. For additional guidance, contact the State Water Board or the Regional Office of the EPA.

14. Transport Information:
    - Ground/Air/Sea: Non-hazardous

15. Regulatory Information
    - USA State Regulations: May contain trace levels of formaldehyde.
    - US EPA Regulations: 2-phenylphenol subject to reporting under Section 313 of Title III (SARA) and 40 CFR 372.

16. Other Information
    The information on this sheet is not a specification and does not guarantee specific properties. The information is intended to provide general knowledge as to health and safety based upon our knowledge of the handling, storage and use of the product. It is not applicable to unusual or non-standard uses of the product or where instruction or recommendations are not followed.

NA - Not Applicable  ND - No Data
